

Associated Builders and Contractors

Your Competitive Edge!

Keystone Chapter

Advancing and defending the principles of the *merit shop* in the construction industry and providing members with the opportunity to *succeed*.

Vision Statement

ABC Keystone members, companies, and their associates achieve the American Dream in the spirit of free enterprise.

ABC...

The Merit Shop's Most Vigorous Advocate.

ABC's core purpose is to advance and defend the principles of free enterprise in the construction industry and to provide members and their employees with an opportunity to succeed.

In 1950, seven contractors gathered in Baltimore, Maryland, to create an association based on the shared belief that construction projects should be awarded based on merit to the most qualified and responsible low bidders, regardless of their union affiliation.

Today, ABC is a powerhouse with 70 chapters and over 21,000 members. It is one of the leading organizations representing America's business community and the construction industry.

Covering ten counties in south-central Pennsylvania, ABC's Keystone Chapter was established in 1959. The Chapter is presently headquartered in Manheim, with a government affairs office located in Harrisburg.

"The saying 'Get into politics or get out of business' is as relevant today as it was in 1950.

ABC's involvement with political activities in both Harrisburg and Washington D.C. allows member companies to focus on running their businesses with the assurance of knowing that ABC has their backs and is watching out for the interests of the construction industry."

– Donna J. Shoff, H.L. Wiker, Inc.

The Merit Shop Philosophy

At the heart of ABC's philosophy is the commitment to two primary principles: free enterprise and the merit shop.

We believe that free enterprise is fundamental to our nation's success.

The term "merit shop" means contractors and employees should be selected and rewarded based upon their performance, regardless of union affiliation.

Membership Benefits

- Government affairs and political action defending your rights and ensuring your voice is heard in government, protecting your business and livelihood.
- Legal services to protect your business.

Government Affairs. Political Action. Legal Resources.

Protecting Your Company. Electing Advocates for Free Enterprise.
Access to the Best Legal Advice in the Industry.

ABC's Grassroots Network – Educating candidates and elected officials on issues crucial to our members and their employees.

National and State Political Action Committees (PACs) – Helping to elect pro-business, pro-merit shop individuals at every level of government.

The Free Enterprise Alliance (FEA) – Issue advocacy arm of ABC, educating America about the crucial importance of free and open competition.

The "Advancing the American Dream" Fund – Issue advocacy at the state level.

ABC Legal Resources – Legal counsel, local and national Legal Defense Fund, plus information on labor relations, prevailing wage and state licenses.

Free Legal Consultation – Initial connection with an ABC-appointed attorney providing the information you need to handle any next steps in the process.

Business Development

Helping Your Business Grow and Prosper.

Whether your company is just starting out, or well-established and rock solid, business development never stops. It is an ongoing process that gives your company the competitive edge.

ABC "gets it" when it comes to business development, and we provide you with a multitude of business development tools as well as local and regional networking opportunities that help make a significant difference for your business!

Excellence In Construction Awards – Publicly recognizing the "best of the best" ABC member projects, while promoting ABC member companies, boosting visibility and satisfaction with owners.

Craft Professionals of the Year – Awards program recognizing top field professionals based upon mastery of skills, safety performance, jobsite performance, productivity and leadership.

AQC (Accredited Quality Contractor) Credential Program – Publicly recognizes and honors those construction firms which have documented their commitment in five key areas of corporate responsibility.

Education. Training. Workforce Development.

Increasing Your Productivity and Profits.

ABC provides a variety of opportunities to keep your employees sharp and productive through education and training. Whether it's apprenticeship, field personnel, supervisory or management training, we're here to help you and your employees stay at the leading edge of the industry, while helping to grow your profits.

Apprenticeship – Helping you to develop your own workforce.

Welding Training and Certification – Providing your welders the opportunity to brush up on their skills and gain certification.

Crew Leader Training and Superintendent Training – Assisting you in planning and developing your employees' career paths.

Career Development Training – Blueprint reading, leadership development, human resources, personal development and more. The bottom line is: We've got you covered for training!

Customized Training – Tailoring training to your company's needs and held at ABC's training facility.

ABC is a leader in educating tomorrow's workforce about the tremendous opportunities available through a career in construction.

To further the development of the construction workforce, ABC has an active outreach to area middle school and high school students. *PLUS*, ABC member employers and employees visit with students in the classroom about their own work experiences and promote numerous opportunities in the construction industry.

ABC also offers scholarships that encourage the study of construction management and trades.

Skilled Trades Training Available:

- Carpentry
- Construction Craft Laborer
- Electrical
- HVAC
- Heavy Equipment Operator
- Plumbing

Safety Services

Fewer Accidents. Safer Employees. Increased Productivity.

Free 1-Hour Safety Consultation Services – Advice to improve your safety performance.

Safety Consultation Services – Available through our in-house Director of Safety Services, either by the hour or by a contracted block of time.

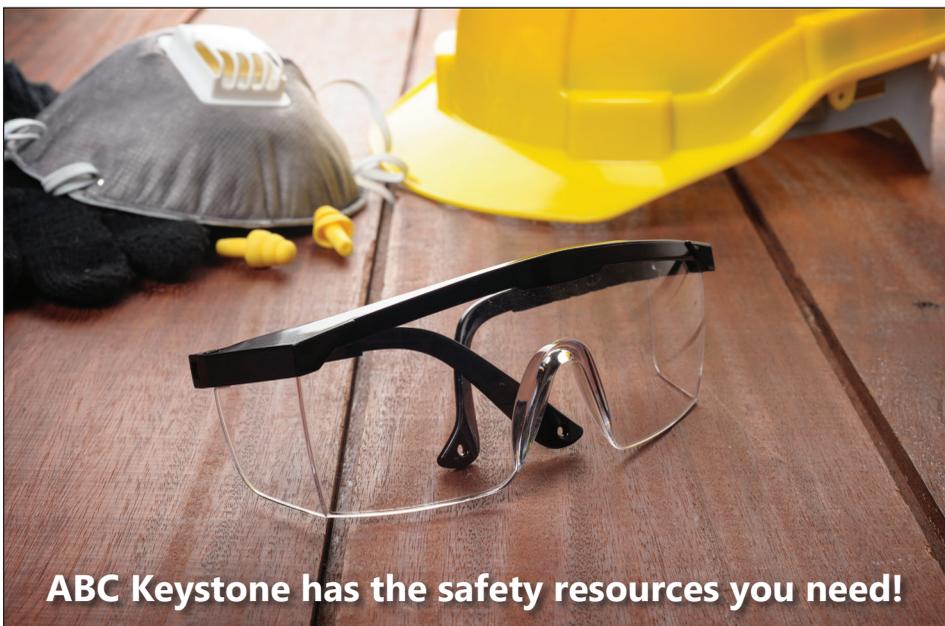

Safety Classes – OSHA 10-hour and 30-hour, CPR/AED/Basic First Aid and more.

Safety Products – Sample programs, tool box talks, product discounts and more.

OSHA Partnership – Better health and safety for construction workers is the goal of the strategic partnership launched by ABC Keystone and the U.S. Department of Labor's Occupational Safety and Health Administration (OSHA). Objectives of the partnership include reducing injuries from falls, struck-by and caught-in mishaps, and electrocutions, as well as mentoring STEP applicants to move from Bronze to Diamond Levels.

STEP (Safety Training and Evaluation Process) – Award program measuring safety program effectiveness and management's commitment to safety.

ABC Keystone has the safety resources you need!
