

Benchmark Construction welcomes two new employees

Benchmark Construction Company of Brownstown, PA has hired Valerie Tully as a Market Coordinator and Stephan Curran as a Project Estimator.

Ms. Tully graduated from the Art Institute of York PA with an Associates Degree in Digital Arts. Her role at Benchmark as Market Coordinator includes contacting subcontractors about documents, uploading and updating drawings, and helping to keep her team on task. Ms. Tully resides in Ephrata, PA.

Mr. Curran brings 34 years of construction experience to Benchmark Construction, previously working for Wilco Electric as an Electrical Estimator. He is a graduate of the ABC Electrical Construction Apprenticeship program. As a Project Estimator, Mr. Curran is responsible for project take-off, soliciting sub bids, writing scopes of work, and subcontractor buy-out. He resides in Millersville, PA.

Benchmark Construction Company, Inc. is in its 34th year of providing award-winning, commercial and institutional construction services with a focus on the Senior Living, Healthcare, Higher Education and Commercial/Specialty markets. We offer general construction, preconstruction, construction management and design-build services in Pennsylvania, Maryland and Delaware.
