CONSTRUCTION

June 13-16, 2022

A Free Summer Camp Experience Introducing Girls to Careers in Construction!

Careers in Construction offer competitive salaries, unparalleled skills, potential for leadership growth, and a feeling of satisfaction.

ABC Keystone encourages young women to learn more about these career opportunities during the Chapter's All 'bout Construction Girls Camp open to girls ages 14-19\* and scheduled for June 13-16, 2022.

The All 'bout Construction Girls Camp provides girls the opportunity to explore careers in construction through inspiration and mentoring from industry professionals. Campers will experience several construction trades as they build skills through multiple hands-on activities. Through other individual and group activities, the girls will also gain effectiveness in problem solving and managing team dynamics. Field trips with local contractors are scheduled throughout the four days to ensure campers get to see construction in action. At the ABC Keystone training facility, attendees will utilize their newly-gained knowledge of select trades to build their very own take-home projects!

For more information on ABC Keystone's Construction Camp for Girls, please contact:
