

INSPIRE THE NEXT GENERATION

VOLUNTEERS NEEDED

Together we can build
interest in the trades
with the workforce
of tomorrow!

Construction Wars is a 3-day, interactive career exploration for middle school students. Working hands-on with industry professionals, students will build and learn about carpentry, masonry, sheet metal fabrication, electrical, plumbing, and HVAC trades. Safety is a priority at ABC Keystone. Students will wear personal protective equipment and learn about CPR and the importance of safety in construction.

You are invited to support this initiative by volunteering to create a memorable experience for middle school students. Volunteer today!

Company Name: _____

Volunteer Contact Name: _____

Phone: _____
